INTRODUCTORY.

Again we present our patrons and the public with a new edition of the CAMBRIDGE DIRECTORY, No. 35 of the regular series, for their use, and we trust their approval.

The difficulty of compiling a city directory is seldom understood, and is not easily explained. Dependent as we are upon local patronage, it is an absolute necessity that we have the support of the entire business community, who derive the largest portion of benefit from such a work.

The attention of persons using the directory is directed to the "improved method of printing the names," ditto marks being used to designate all after the first surname of each kind (excepting advertisers' names, which are printed in full). This method brings out the Christian names more prominently, and saves "time" in referring to any name. This improvement was suggested to us by several of our patrons in Cambridge, it having been in use previously in other city directories in the State.

A city directory contains a great amount of information concerning the charitable, religious, public and private institutions of the city, which make it a valuable present record as well as an historical authority.

Every person should have, at their business place or residence, or both, a directory of the city from time to time as published, not only as a daily convenience, but as a valuable record of local history.

Orders for our directories come to us from distant parts of this and foreign countries, showing that their circulation is not limited to the cities they represent.

Americans visiting Europe will find our Directories on file at Messrs. Henry F. Gillig & Co.'s American Exchange and Reading Room, 449 Strand, Charing Cross, London, W. C., and 35 Boulevard des Capucines, Paris.

Persons consulting the Directory are reminded of the "importance" of knowing the precise spelling of a name before looking for it, as names pronounced the same are often spelled quite differently, and appear on different pages.

A directory of Harvard College, Professors and Students resident in Cambridge will be found on page 436.

For the support we receive from the business men of Cambridge, as well as the citizens who do business in Boston, we are under many obligations; also to the officers of the various societies and institutions for information furnished us we return our sincere thanks.

The following shows the increase in names over last year:—

Names in Directory, 1886	25,043
" " " 1885	23,672

INSTRUCTION TO KEY-HOLDERS.

Alarms are to be given from the box nearest the location of the fire.

To give an alarm, open the door, pull the hook to the bottom of the slot once, and let go.

Each box contains a small bell which, if heard before you pull, indicates that the alarm has been previously given. Any person listening at a box will learn the number of the box from which the alarm was given but in no case will ou pull the hook while the alarm is striking. After giving the alarm, remain at the box so as to direct the firemen to the fire. Be sure that you lock the box before leaving it. For instance, if an alarm proceeds from box 36, the bells and gongs attached will strike three; then, after a short pause, six consecutive blows, thus: III--IIIIII

Don't give an alarm for a fire seen at a distance, unless assistance is called for.

SIGNAL FOR NO SESSION OF THE GRAMMAR AND PRIMARY SCHOOLS ON DAYS OF SEVERE STORMS.

The signal is five strokes of the fire alarm repeated once.

When given at 8.15 a. m., the morning session of the grammar and primary schools will be omitted.

When given at 11.45 the morning session of the grammar schools will be prolonged one hour, and the afternoon session of the grammar and primary schools will be omitted.

When given at 12.45 the afternoon session of the grammar and primary schools will be omitted.

Citizens are earnestly requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed, being placed over each box, giving the requisite information.

HOMES AND INVESTMENTS

— IN THE —

Highlands of Florida.

The western part of Orange County, on the backbone of the State, known as the beautiful "LAKE REGION," is very high and rolling, and is filling up with unexampled rapidity. Where three years ago were unbroken pine woods are now thriving villages and flourishing *Orange Groves*. The climate is very salubrious, being tempered by continual breezes from the Atlantic and the Gulf.

Any who desire to select a home or start a grove can secure the services of the subscriber, who, after patient investigation of different localities, has recently moved there from Massachusetts. He will give his careful attention to any business entrusted to him.

LAND SELECTED AND TREES PLANTED AND CARED FOR.

Address,

Rev. E. S. HUNTRESS,
Mount Dora,
Orange County, Florida.
